

LOW-COST PORTABLE SOLAR DRYER CASE

GrainPro® Collapsible Dryer Case II™

A patented lightweight and portable solar dryer that can be folded quickly to protect agricultural commodities against sudden rains.

- **Safe multi-crop drying and protection**

An inexpensive and collapsible multi-crop drying solution that can quickly protect against re-wetting caused by sudden rains or increased night time moisture.

- **"Green" technology**

Uses solar heat and doesn't require the use of expensive fossil fuels or electricity to dry the commodities.

- **Reduced quantity losses**

Inflatable side walls and flap cover helps reduce spillage losses and protect commodities against contamination or re-absorption of moisture from the patio or road.

- **Cost-efficient dryer**

Easy to repair, maintain and designed for multiple drying seasons.

Also Available:

Solar Bubble Dryer™ *An economical and easy-to-use tunnel shaped solar dryer that effectively dries agricultural commodities, while protecting against sudden rains and contaminants.*
